Accepting the 2025 CQL President's Award for Trinity Services are, from left to right: Sally Ritchey, John Young, Stephanie Behlke Leigh, Amy Cords, Thane Dykstra, Ph.D., President & CEO, Megan Koszela, Susan Faulk, Bob Sandidge, Amy Tabor, and Anne Ward.

2026 Events Schedule

Mark your calendars for all the 2026 Trinity Services events, including:

Tom O'Reilly Golf Outing (5/19), Trinity Triumph 5K Run and Walk (6/23), Better Together Dinner Dance and Auction (9/18), and An Evening of Holiday Music, Dinner, and Concert Gala (12/4)

Trinity Services receives the 2025 CQL President's Award!

In October, the Council on Quality & Leadership presented the 2025 CQL President's Award to Trinity Services. This prestigious honor highlights Trinity's tireless commitment to implementing innovative practices, advancing person-centered approaches, and supporting people with disabilities to realize their dreams.

"We are deeply honored to be selected by CQL to receive the President's Award," said Thane Dykstra, President & CEO of Trinity Services. "There is no doubt that the rigorous accreditation process of CQL has had a most

profound impact on the quality of our services and supports. We are grateful to CQL for its leadership in advancing person-centered excellence, and we share this award with our entire Trinity community."

The CQL President's Award, while part of the biennial CQL Awards of Excellence, is a unique honor, as it is independently selected by the President and Chief Executive Officer of CQL.

"We want to congratulate Trinity," said Mary Kay Rizzolo, President & CEO of CQL. "They embody the very best in human services."

Dear Friends,

It's hard to believe that Thanksgiving is already over and the December holidays are just around the corner. Time to finish your holiday shopping and wrap those gifts!

First, on behalf of our Board of Directors, I want to congratulate Trinity Services for receiving the President's Award from the Council on Quality and Leadership. This is a very special honor and we are grateful to Thane Dykstra, President and CEO, and the entire Trinity staff for their incredible hard work and dedication to deliver on our organization's mission every single day.

Next, I want to commend the Outpatient Services team and their director, Bonnie Hassan, for the important grants received this year. In 2025, the 708 Board of Lisle Township announced a \$100,000 grant to Trinity Services to establish a new Community Mental Health Center that will expand access to behavioral health services for township residents. In addition, the 708 Board of Will County recently awarded Trinity a \$200,000 grant to create a Teen Wellness Center, a program to engage teens in their mental health process, empowering them to advocate for themselves and their families.

Plus, Trinity received a grant from the Community Foundation of Will County to launch the Recovery Cafe, a peer-led, community-based program designed to fill a critical gap in on-going recovery support services. Well done!

Laura Blume, director of our STRIDES Therapeutic Horseback Riding Program and Farm, is featured in this issue's *Someone You Should Know*. Thank you, Laura, for everything you and your team do to help people flourish.

Finally, please be generous this holiday season and support Trinity Services' Annual Appeal. Your gifts make a difference in the lives of people with disabilities and mental health needs. Go to www.trinityservices.org/donate or call Sherry Ladislas, Director of Development, at (815) 717-3750.

Have a wonderful holiday and a very Happy New Year!

Sincerely,

Raymond D. McShane,
Chairperson of the Board

Helping People Flourish!

Trinity's mission is to provide the highest quality person-directed services and supports to people with disabilities and mental health needs so that they may flourish and live full and abundant lives.

We've Been Having Fun All Summer Long!

Izaak Walton League of America Sponsors Fun Day of Fishing!

This summer, members of the Walter Sherry Memorial Chapter of the Izaak Walton League of America in Wilmington, Illinois, treated people supported by Trinity to a wonderful day of fishing.

Named after Izaak Walton, author of *The Complete Angler*, one of the most famous books about fishing, the organization promotes enjoying the great outdoors with family and friends as well as conservation of natural resources.

The membership provided everyone with fishing poles and bait and offered lessons. For many of the people supported, as well as staff, this was their very first time fishing. They had the opportunity to engage with members and their families.

"Everyone had a wonderful day being together and enjoying the beautiful weather," said Jen Hodges, director of residential services. "We want to thank the members of the Walter Sherry Memorial League for making this a perfect

day of fun and relaxation for the people we serve."

Chapter members also provided a tent with table for activities and games, and also offered a scrumptious lunch.

"We had a really fun day," said Geno Bagnuolo, assistant director. "We even caught a snapping turtle!"

Road Trip to Niagara Falls in New York State

Last September, people supported by Trinity took a fabulous roadtrip to New York State to see Niagara Falls. For some, it was their very first trip out of state.

"We took seven people we support and they all loved it," said Helen Kulhan. "We saw the falls, rode on a trolley, and went to a wax museum."

One of the highlights of the trip was taking a boat ride on the Niagara River to see the tremendous falls up close and personal. Everyone wore rain jackets to keep from getting wet.

Gadzooks! A Journey to Medieval Times in Schaumburg, Illinois

People supported by Trinity were treated to a legendary fantasy experience. The Royal Court invited guests to travel through the mists of time to a festive celebration to watch gallant knights and majestic horses do battle to protect their beautiful queen.

"Everyone thoroughly enjoyed the pageantry and excitement of the story," said Sarah Wroblewski. "We dined on a tasty four-course feast, cheered for the Yellow Knight to save the kingdom and the queen from the clutches of the Black Knight, and got to meet the people who made it a great evening."

Trinity's Better Together Dinner Dance and Auction Celebrates 75 Years of Making a Difference!

On Thursday, September 18, 2025, Trinity Services held its 36th Annual Better Together Dinner Dance and Auction at DiNolfo's in Homer Glen. Over 250 people attended the event celebrating Trinity's 75th Anniversary.

Art Dykstra, former CEO of Trinity Services, and now the President and CEO of the Trinity Foundation, spoke about the transformation of the Trinity School into Trinity

Services, which today is one of the largest social services organizations in Illinois, serving more than 6,800 people with disabilities and mental health needs.

One of the highlights of the evening was the opportunity to welcome some of the families of founding members of the Trinity School. Guests were also treated to the premiere of a new video about Trinity Services, and received a commemora-

tive book about its history, *Making a Difference*.

"We are truly grateful to everyone who attended the dinner dance and auction to help us celebrate this incredible milestone," said Thane Dykstra, President and CEO of Trinity Services.

"It was a truly memorable evening," said Sherry Ladislak, director of development. "We are so grateful for everyone's generous support."

Trinity's Outpatient Services Division Receives Important Grants to Expand Access to Care

New Community Mental Health Center in Grundy, County

In July 2024, Trinity Services received two statewide American Rescue Plan Act (ARPA) grants totaling \$1.5 million to expand access to behavioral health services.

The approved proposals include opening a Community Mental Health Center in Grundy County, building teams to provide services throughout Trinity's service area, and hiring and training staff to offer Pathways to Success services - specifically therapeutic mentoring and family peer support - to families of children with significant needs.

New Community Mental Health Center in Joliet, Illinois

In February 2025, Trinity celebrated the grand opening of its new Community Mental Health Center in Joliet, Illinois. Made possible in part by a Will County ARPA grant, the new Center, located at 2000 Glenwood Avenue, provides outpatient therapy,

homess services, and other supports.

New Community Mental Health Center in Lisle, Illinois

In July 2025, the 708 Board of Lisle Township announced a \$100,000 grant to Trinity Services to establish a new Community Mental Health Center in Lisle, Illinois, to expand access to behavioral health services for township residents. The new Center will provide a comprehensive array of therapeutic services for individuals, as well as group services for teens and their families.

Grant for a New Teen Wellness Center in Will County

In August 2025, the 708 Board of Will County awarded Trinity Services a \$200,000 grant to create a program to engage teens in their mental health journey, empowering them to advocate for themselves and their families.

The program, currently known as the Teen Wellness Center, targets youth and young adults, offering a continuum of services including wellness screenings, one-to-one support, educational groups, and crisis intervention.

Trinity Responds to Mental Health Crisis in Frankfort, Illinois

A person experiencing a mental health crisis last summer was safely rescued from a pond near 80th Avenue in Lakeview Estates, according to Frankfort Police.

Members of Trinity's Mobile Crisis Response Unit (MCRU) supported the on-the-water rescue.

A spokesperson for the Frankfort Police Department said the individual was rescued thanks to the coordinated efforts of multiple local agencies, including Frankfort Police, the Frankfort Fire Department, Mokena Fire Department, Manhattan Fire Department, Will County Sheriff's Department, and members of Trinity Behavioral Health Services team.

The Frankfort Police Department praised the quick response of all of the agencies, including Trinity's MCRU.

"Your dedication and teamwork were instrumental in ensuring a safe outcome," the Department said. "Situations like these remind us of the power of partnership and the importance of mental health awareness in our community."

If you or someone you know is struggling with mental health concerns, contact Bonnie Hassan, director of outpatient services at (815) 722-4384.

Someone You Should Know

Laura Blume, Manager of STRIDES

Therapeutic Horseback Riding Center & Farm

"I have an incredible team and amazing support!"

-- Laura Blume and Tulip

Raised on a small horse farm in Naperville, Illinois, Laura Blume became infatuated with horses and the equestrian life from an early age, when her parents bought her a pony at the age of eight. "The pony was poorly trained," explained Laura, with smile. "I fell off a lot, but I stuck with it." Eventually, Laura's parents replaced the pony with a well-trained horse she could learn to ride.

Laura grew up on the show circuit and rode competitively from middle school through college, showing at the national level all across the country. During those years, Laura bred show horses (some from Canada and Germany) and engaged in "flipping" horses – taking poorly trained animals, retraining them, and then reselling the horses for a profit. With her father's unwavering support, Laura became a top-level trainer.

Always interested in psychology and helping others, Laura decided in college that she wanted to be a therapist. However, she eventually abandoned that idea after graduation, instead focusing her energies on raising a family and becoming a full-time photographer, combining her love of horses with taking newborn and family photos, and fulfilling her personal goal of helping people.

Yet, Laura found her responsibilities as a parent and working long hours as a photographer to be difficult. With a daughter already involved with riding, and a son with

a disability who responded to animal therapy, Laura returned to her first passion - horses.

In 2020, Laura began buying and training horses, and started looking for a full-time barn job. Then she came across the Trinity post advertising for a manager for STRIDES.

"I interviewed with Stephanie Behlke Leigh, who managed the STRIDES program," said Laura. "With my knowledge of horses, my degree in psychology, and my photography background, the position at STRIDES was a perfect fit!"

In 1990, Trinity board member Ken Stromsland, a member the Lockport Exchange Club, and Trinity School director Ann Irhke, along with club members, introduced horsebackriding as a way to bring joy and happiness to the people supported by the organization. Realizing the wonderful value of trained horses as therapy animals, Trinity eventually started their own therapeutic riding program, STRIDES, building its own barn and facilities on farmland purchased in Manhattan. Laura Blume became the manager of STRIDES in December 2020.

Working with her supervisor, Stephanie Behlke Leigh, and Thane Dykstra, Trinity's President and CEO, Laura developed a long-term strategic vision for STRIDES that built upon the organization's foundation for helping the people Trinity supports.

Over the past several years, Laura and her team of dedicated barn hands, have built a thriving program, combining animal therapy, riding lessons, a petting zoo, and year-round special events and activities with a total dedication to helping people with disabilities and behavioral health needs.

"I have an incredible team," said Laura, with obvious pride. "They work extremely hard to make everyone's experience at STRIDES a special memory."

This includes taking care of all of the animals on a daily basis, as well as conducting horsemanship classes, special events including birthday and holiday parties, day camps (during the summer), working with Girl Scouts and Boys Scouts to help them earn horsemanship merit badges, photo shoots, and providing a safe and welcoming environment for everyone who takes advantage of the wonderful opportunities available at STRIDES.

"Since coming to Trinity in 2020, Laura has done a remarkable job building an incredible team and expanding our programs," said Stephanie Behlke Leigh. "The women who work at STRIDES are extremely passionate about what they do, and it shows."

As the STRIDES program continues to develop and grow, Laura and Stephanie are looking to the future and are focused on new fundraising

Trinity Services Opens New Fitness Center

On Wednesday, November 12, 2025, Trinity Services officially celebrated the grand opening of its new fitness center at the former Trinity Training Center located at 2505 East Washington Street in Joliet.

The new facility features a brand new gymnasium on the upper floor with room for basketball, volleyball, pickleball, and other sports and recreational activities. There is also an exercise room located on the lower

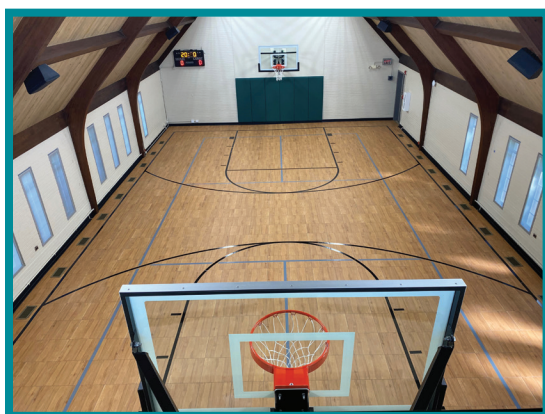

level, with state-of-the-art fitness equipment designed for people with disabilities.

“This is a very important part of our mission,” said Thane Dykstra, President and CEO of Trinity Services. “We are providing the people we support, our staff, and their families members, with the opportunity to improve their health every day and to flourish.”

The new fitness center will have its own staff to assist members.

Thane A. Dykstra, President & CEO

New gymnasium on upper floor

Trinity Services converted the former Trinity training facility into a new fitness center featuring a gymnasium and an exercise room with state-of-the-art fitness equipment designed for people with disabilities.

STRIDES builds on a foundation of supporting others

(Continued from Page 6)

opportunities through grants, donations, sponsorship opportunities, and corporate support.

“In order to reach the next level, we are looking for effective ways to get the STRIDES name and Trinity’s mission out to the public in order to attract larger donors and corporate sponsorships,” said Laura.

Thane Dykstra, CEO, is impressed with all of the work that Laura and her team are doing to take STRIDES to the next level.

“It is truly amazing what they have accomplished in a relatively short period of time” said Dykstra. “We hope to see STRIDES continue to grow in the future.”
